WHY

Never seen Office
Want to learn more...

?
Want to know more about
SharePoint online..

What is the fuzz all about?

Session objectives and Takeaways

- Session objective(s)
 - Know what is required to implement Office 365
 - Understand the flexibility and control of Office 365
 - Identify the value proposition of Office 365
- Key Takeaway(s)
 - Unified communication and collaboration
 - Access anywhere
 - Limitations

- Caveats
 - P SKU Team site does not offer SSL
 - You need E SKU account to use SSL
 - Must have JavaScript enabled
 - Need to add site to trusted zone
 - Regional settings are English (United States)
 - Solutions gallery accessed via _layouts

Future Productivity

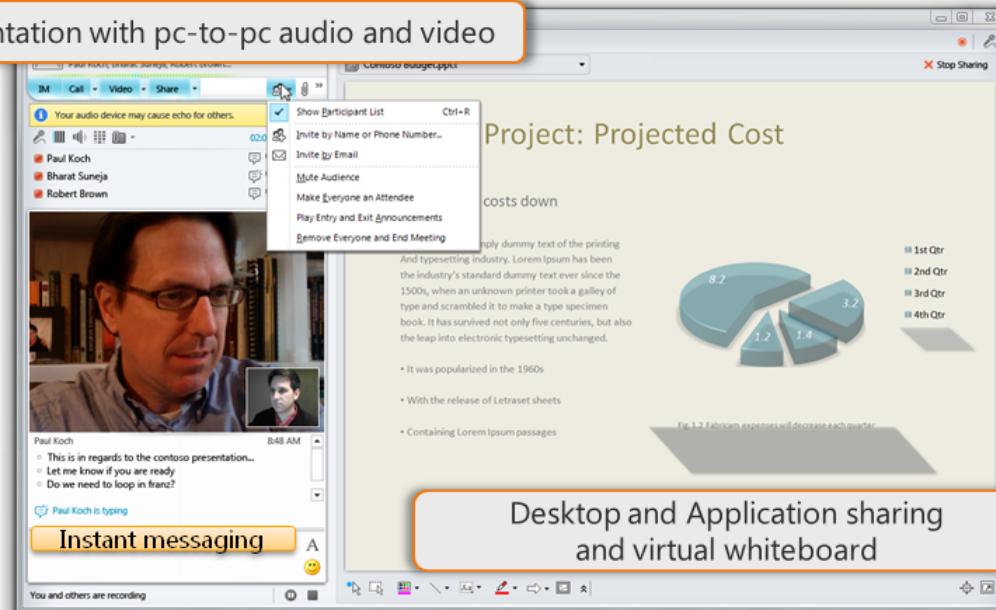

- Cloud = Office 365 (SharePoint, CRM, Exchange, Lync)
- Allowing mobile multiple devices work together to deliver content, emails, calendar and share documents.

Lync Online

- Lync is the old office communication server.
- Lync shows IM + presence
- Create meetings in or outside the organisation

Online meeting presentation with pc-to-pc audio and video

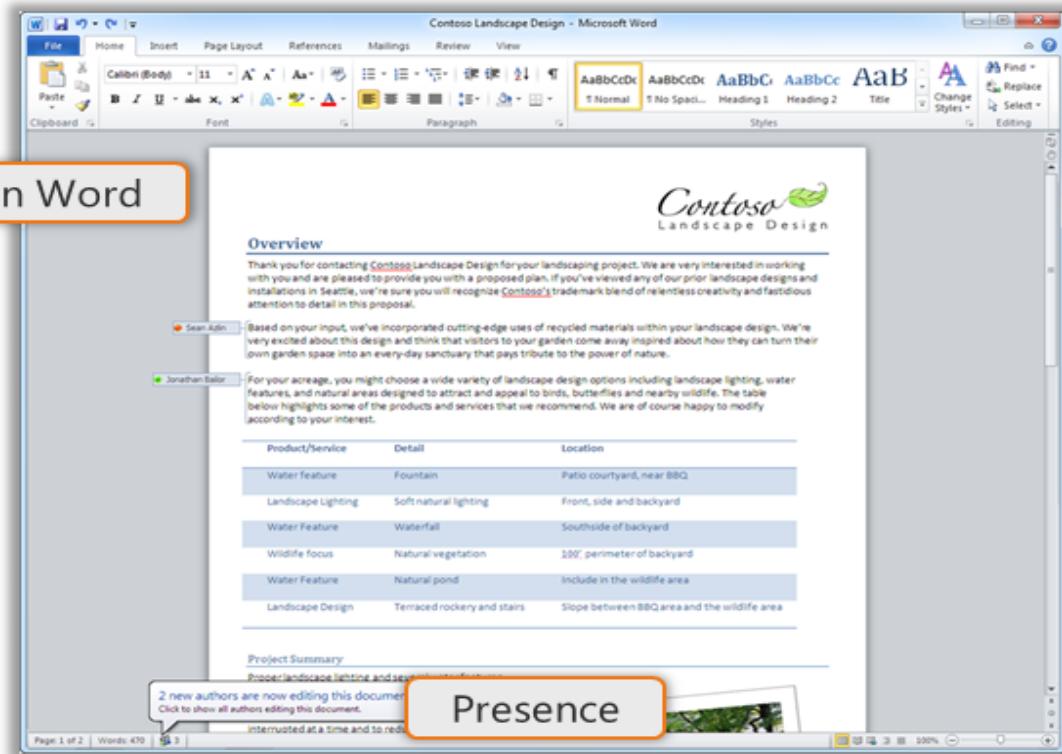

Recording Capability

Desktop and Application sharing
and virtual whiteboard

Office 2010 Pro Plus

- Flexible subscription model.
- Integrates with Office 365. Co-authoring anywhere!
- Office Web Apps
